

ILLINOIS
UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN

**Illinois Campus Cluster Program
Service Level Definition**
Storage Investment

Revised April 16, 2017

ICCP Service Level Definition

Storage Investment

Term

The term of this agreement is for five (5) years from the date of investment. See the “Retirement Phase” section of the Overall Program Service Level Definition¹ for the disposition of equipment at the normal end of term.

Service Overview

Investors in additional storage also agree to the terms in the Illinois Campus Cluster Program Overall Program Service Level Definition.

The ICCP agrees to operate on behalf of the Investor, and in a manner consistent with the Illinois Campus Cluster Program Overall Program Service Level Definition and any other relevant governing policies, any storage investment covered by this agreement.

Investors agree to invest in storage on the Illinois Campus Cluster and to use it in accordance with ICCP and university policies. Investors may choose to utilize snapshots per the terms in the Overall Program Service Level Definition with the understanding that this will consume some of their useable space. Investors understand and acknowledge that the specific disk configuration and total delivered capacity may vary as technology changes and that precise disk configuration and delivered capacity will be clearly described prior to any orders placed on behalf of the Investor. Due to implementation constraints, the ICCP may provide access to the purchased amount of storage via hardware not specifically tied to their investment.

Termination

Within the first two (2) years of this agreement, either party may terminate the agreement by providing written notification to the other party thirty (30) days in advance of termination. In the event of termination, Investors will have returned to them physical disks that amount to an equivalent number of raw TB as they invested.

The agreement cannot be terminated after two years.
